SAFe Team Definition of Done

SPACE AND MISSILE SYSTEMS CENTER

Team Increment

- Stories satisfy acceptance criteria
- Passes acceptance tests (TB1 automated where practical)
- Unit and component tests coded, passed, and included in the BVT
- Cumulative unit tests passed
- Assets are under version control
- Engineering standards followed
- Non-Functional Requirements (NFRs) met
- No must-fix defects
- Stories accepted by Product Owner

Slide 10

TB1

How can we change this to reflect program management and acquisition management instead of software development.

Tonya Brewington, 12/2/2019

Educates the team

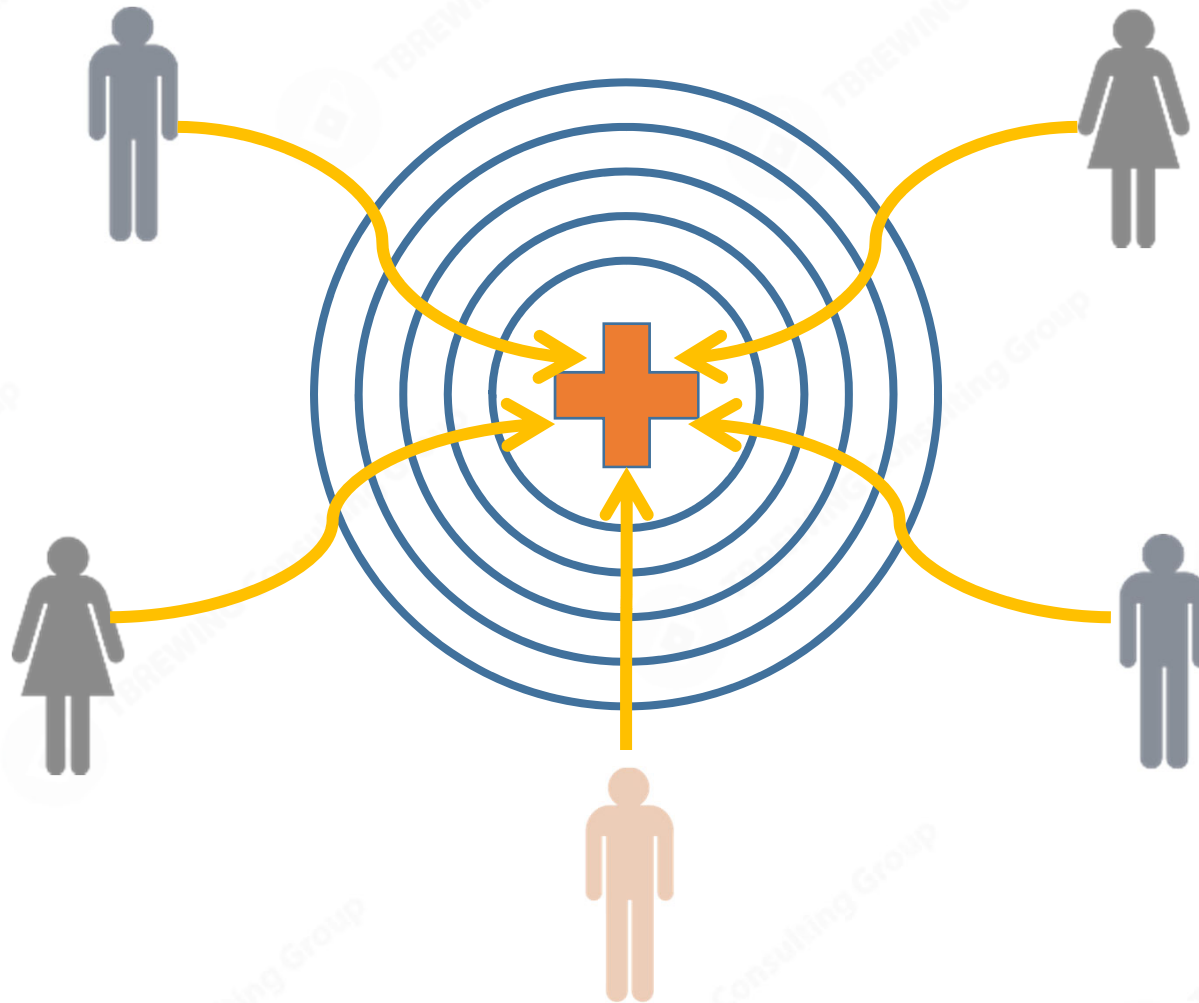

SPACE AND MISSILE SYSTEMS CENTER

Ensures Agile Practices Are Followed

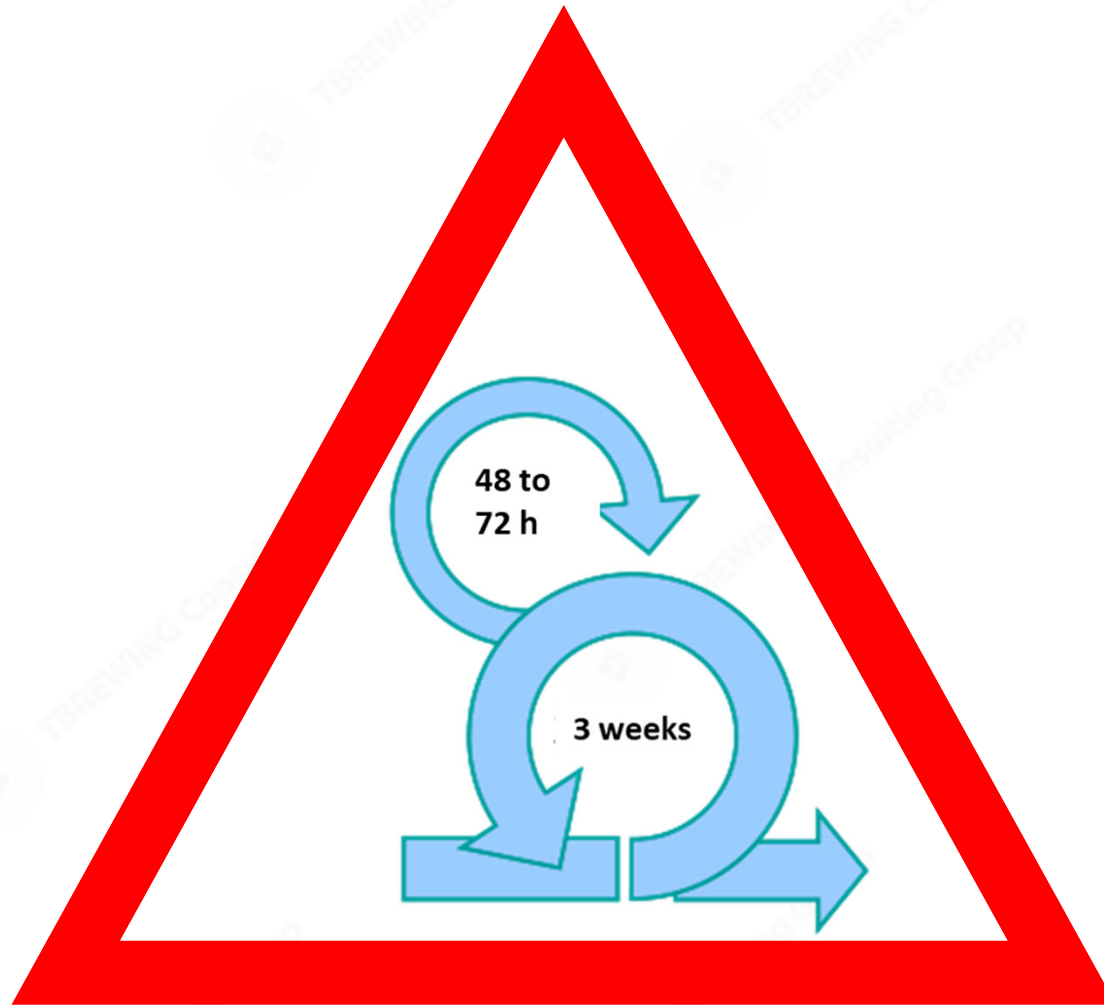

SPACE AND MISSILE SYSTEMS CENTER

Removes Impediments

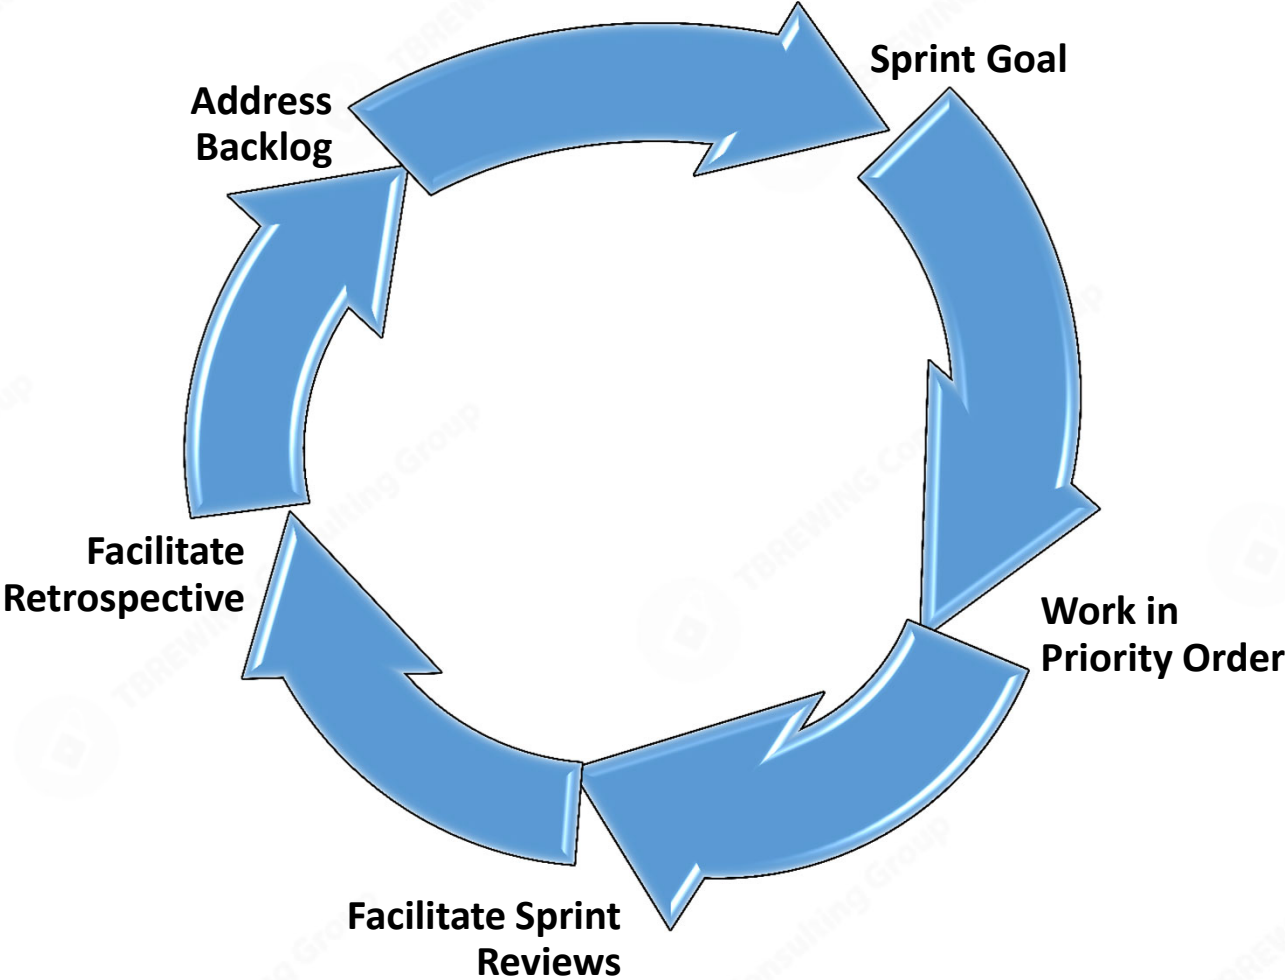

SPACE AND MISSILE SYSTEMS CENTER

Encourages Relentless Improvement

SPACE AND MISSILE SYSTEMS CENTER

Co-located With and a Member of the Team

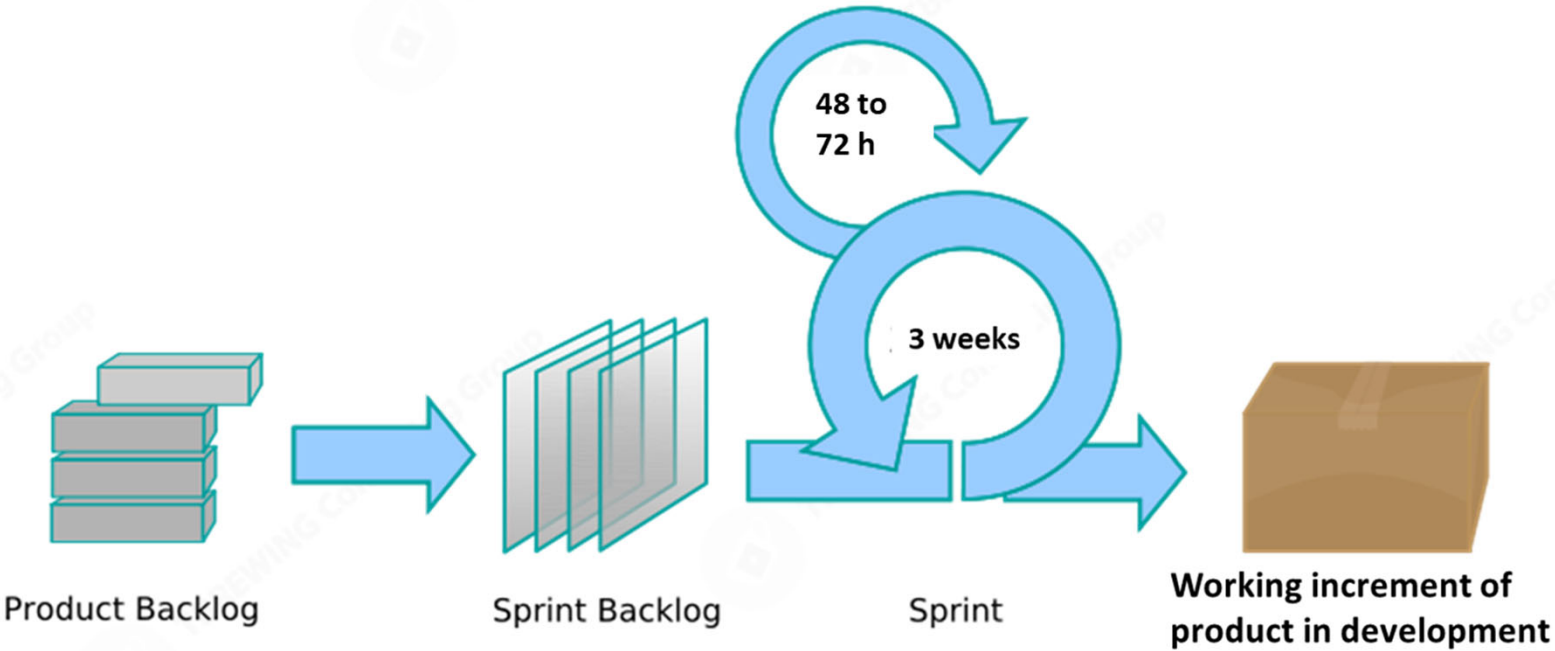

SPACE AND MISSILE SYSTEMS CENTER

Facilitates and Attends Team Ceremonies
